

2000 bar Tee Blocks and other assemblies

These 2000 bar working pressure assemblies are designed for use with all Boltight 2000 bar system tooling, pumps and hose.

They are delivered fully assembled with self sealing quick connect couplings for fast and clean operation. The quick connectors are fitted with RED colour coded dust covers.

Each assembly is filled with oil and pressure tested prior to despatch. Test certificates are available. All assemblies are marked with serial numbers for identification.

Special assemblies can be made to your specified requirements. Please send details of your requirements for a fast response.
